About Me

Hello! I am Kerem Bilgehan ÇIKAR, a Frontend Web Developer. I am passionate about web technologies and develop user-friendly web applications with creative thinking. I am solution-oriented, possess a fast learning ability, and can provide effective solutions to complex problems with analytical thinking. I contribute to projects with strong teamwork and understanding of algorithms/data structures.

Education

Akdeniz Univercity, Electrical - Electronics Engineering (September 2017 – May 2022)
Anadolu Univercity, Program in Measurement and Data Analysis (February 2024 – Present)

Experiences

Full-Time, Frontend Developer, Jeli AI (May 2022 - September 2022)
I had the opportunity to work on Html5 and CSS, allowing me to enhance my skills.

Contractual, Frontend Developer, DigitalWisers (June 2022 - September 2022)
I learned React, MaterialUI, and Typscript, and further developed my skills by working on these technologies.

Full-Time, Frontend Developer, Tamamliyo (August 2022 - Present)
Currently, I am working and improving myself with Vue.js, Jquery, Php, Laravel, Livewire, TailwindCSS, and AlpineJS.

Skills

Fluent in English and beginner level in Japanese.
Technical Skills:
- HTML5, CSS, JS, jQuery
- PHP, Laravel, Livewire, AlpineJS, TailwindCSS, Bootstrap
- RESTful APIs
- ReactJS, Vue.js
- Responsive design
- Git, GitHub
- Web Performance Optimization
